

City of Monroe
Firm Transportation Natural Gas Service
Natural Gas Rate Schedule FTRN-1

AVAILABILITY

This schedule is available only to all qualifying industrial gas customers within the territory served by the City. The Transportation Rate is applicable to those otherwise firm service industrial customers using 1,000,000 cubic feet or more of gas per month for industrial process feedstock, plant protection, and/or boiler fuel, and wish to supply all or a portion of their gas supply from a source other than the City of Monroe.

TYPE OF SERVICE

Natural Gas with a nominal heating value of not less than 1,000 British Thermal Units (BTU's) per cubic foot, at a delivery pressure to be approved by the City on an individual basis.

MONTHLY RATE

The monthly rate for each customer class is established to recover the monthly commodity/margin cost of gas and basic facility charge. Each month the weighted cost of gas shall be calculated to recover the per CCF commodity and margin cost of gas.

A.	Basic Facilities Charge	\$75.00
B.	Margin	\$.140 per CCF
C.	NCNG Transportation Charge	NCNG Applicable Tariff Rate
D.	Demand Charge	\$X

Where \$ x = monthly firm demand charges; computed monthly

SERVICE REGULATIONS

The applicable provisions of the current City of Monroe Natural Gas General Rules and Regulations are made a part of this Schedule. Volumes are to be nominated on a month to month basis. The customer must notify the appropriate City personnel on or before the 15th of the month prior to which the gas volumes will be delivered. Nominations are to be made on a take-or-pay basis.

Effective for service as determined by meter readings on and after 10/01/2002 .
