The City of Erosion and Sediment Control Ordinance requires that anyone conducting land-disturbing activity control sediment and provide adequate measures to retain sediment at the disturbed site. The total disturbed area of the site includes any borrow or waste areas that are used for the residential site, if the borrow or waste areas are not currently permitted by the City of or NC DENR. Land-disturbing activities include demolition and land clearing. Erosion Control measures must be installed in accordance with the City of Standard Specifications and Detail Manual.

Failure to install or maintain erosion control measures may result in penalties of up to \$5000 per day.

If any indicated Erosion and Sedimentation Control (ESC) measures are not installed, a re-inspection fee will be required.
