

BENCH DEDICATION PROGRAM

Benches are available ranging in price from \$1000.00 (Park Bench) to \$1600.00 (Greenway Bench) per 4 foot bench, which includes all materials, installation, and a commemorative plaque. The Monroe Parks and Recreation Department reserves the right to approve the site for installation and suggest alternative sites. Although installation time will depend on several factors, the department makes every effort to install benches within six months of your order. Plaques can accommodate up to four lines of text and will not exceed 5" x 10" in dimension. Benches will remain in place for a minimum of 10 years from the date of installation. If bench is vandalized, stolen or fails as a result of environmental conditions within the 10 year time period, the department will make every effort to repair the item. If the item cannot be repaired, the Department will provide one replacement bench at no cost to the donor.

PARK BENCH \$1000.00

Installed in one of our various parks located in the City of Monroe.

GREENWAY BENCH \$1600.00

Installed along our greenway system.

BENCH AND TREE DEDICATION PROGRAM

Created by the Monroe Parks and Recreation Department, the tree and bench donation program allows groups and individuals the opportunity to donate trees or benches to honor groups or individuals. The items purchased through the program are planted and/or placed in city parks, trails and other appropriate outdoor spaces. Exact placement is at the discretion of the department. Applications for trees donated are accepted all year, however, trees are planted from late October through Mid-March.

The cost for plaques and markers are included in the donation cost. At the end of the Department's contracted maintenance schedule or the end of the item's salvageable life cycle (10 years for benches), the plaque or marker will be returned to the donor, if possible. The donor may also discuss replacement of original donated item if desired.

If items are vandalized, stolen, or fails as a result of environmental conditions during the ten year time period, the department will make every effort to repair the item. If the item cannot be repaired, the Department will provide one replacement memorial at no cost to donor.

TREE DEDICATION PROGRAM

Honor your loved one in a beautiful way. Planting a tree in honor or memory of a loved one enhances the meaning of the tree for park visitors. The gift is also a valuable contribution to the community's park system.

Cost of the program is \$450.00 per tree. This includes a 15 gallon tree, engraved paver and maintenance of the tree (fertilizing, pruning, mulching, etc.). The tree will continue to be maintained and the plaque in place for a minimum duration of five years from the date of installation. If the tree should be damaged or die within the five year period, the department will make every effort to repair or replace the tree at no cost to donor. After the tree is planted, the contact person will receive a notice recognizing the installation of the tree. All trees will be planted between October 15th and March 15th. Plaques will be installed approximately 6-8 weeks following planting.
